PROFILE

- Proficient Web-Developer with experience in building websites and web-apps using ReactJS and MERN Stack.
- Able to effectively self-manage during independent projects, as well as collaborate in a team setting.
- Excellent ability to quickly and effectively research about bugs and fix them in reasonable amount of time through searches and then cross referencing results.
- Actively contributes to Open-Source Projects.
- Seeking more experience in building and developing websites, web-apps and getting hands on real world projects.
- Seeking a position that uses my extensive technical and research skills in both front and back-end to create websites, web-apps.

PROJECTS

• EXPENSE TRACKER
